Windows Activator is the new tool, the first of its kind designed for Windows 7. This software has been designed to provide you with an activation key that will enable your system to be activated on all systems for free, without spending money or time. The activation key for this software will not only unlock your PC but also activate it completely. So if you are looking for a Windows Activation Code then this is the right place where you will get everything for free! What's New in 2.4: New serial Key generator integrated with SKIDROW game plugin so now it's possible to generate new keys automatically during DS game installation. You will not need to copy any key from "key.txt" file, just choose your SKIDROW game from list and click Generate button, followed by INSTALL button to install the game with activated windows. New GUI designed for Windows 7 users. Added a SHARE feature where you can share your unique activation key on facebook/twitter/email with your friends. New settings added in software for better compatibility with all systems. Features: Windows Activation is a unique tool that allows you to register Windows 7 product key with only one click of the mouse. Once your PC is activated by using this software it can be used in any system without any problems.
